

I'm a Feminist, *now* what?

Join a Consciousness-Raising group!

This is not your mother's CR group

Lets get together and talk about issues that are relevant to us today.

Including; diversity, LGBT community, global women's issues, intersectionality, beauty standards, gender roles, and activism to name a few.

Oasis Center for Women and Girls is hosting a women's group to bring women together and affect change. We embrace all women who believe in equality even if you don't label yourself a feminist!
